#4 WITHIN THE FIRST MONTH OF TWTODAY'S INITIAL LAUNCH, THE NEWLY FOUNDED GROUP ACQUIRES THEIR FIRST 25 EMERGING FEMALE LEADERS AS CHARTER MEMBERS

A MESSAGE FROM OUR FOUNDER

It was clear from the beginning that Tomorrow's Women TODAY's initial success would rely heavily on the support and the vetting of Boston's leading ladies - primarily members of the Massachusetts Women's Forum.

While Boston is considered one of the 'big cities'... it is definitely a small place when it comes to connections. For over 10 years, we have fostered relationships with these leading women (and beyond), and in turn, they have been there for us as speakers, mentors, sponsors, advisors - and as friends.

Our members value this relationship and the C-suite access to Boston's most powerful women, and in return, as our members have evolved from emerging leaders, to leaders in their own rights. They have paid forward the tradition, and the commitment, that we were so fortunate to foster from day one. ~ Lauren Pimpare
