## TWTODAY STUDENT BOARD REPRESENTATIVE -

The TWToday Student Membership program grew from a belief that every woman deserves the opportunity to be affirmed, supported, and uplifted by a close-knit circle of sisters. One of our program's values—finding joy, rather than jealousy, in others' successes—speaks to the character and confidence we strive to foster within this network of collegiate women.

We believe that undergrad is a formative stage in a woman's personal and professional development. Our program meets Student Members where they are on their life journeys to equip them with the mindset of lifting other women up as they rise.

By emphasizing the value of female collaboration, female leadership, and female mentorship through our programming, we instill a sense of responsibility in our Student Members to pay it forward to the next generation as they launch careers of their own.
